

Choosing subtitle language. (Youtube)

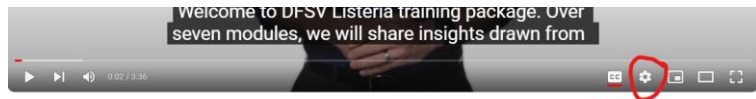

1. To turn subtitles on/off.

- a) Click CC at the bottom of the video turns the subtitles on and off.

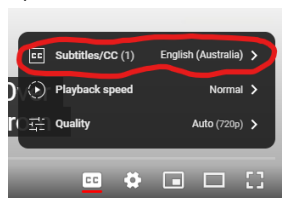

2. To change the subtitle language.

- a) Click on the settings wheel.

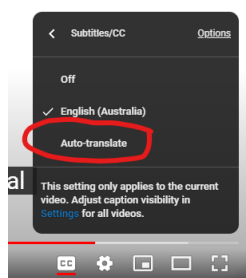

Which brings up the pop-up box.

- b) Click on Subtitles/cc

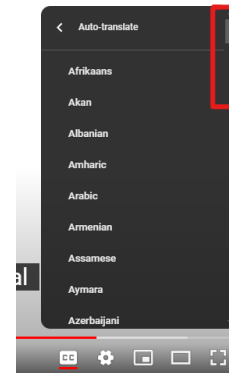

This brings up the subtitles/CC menu. (The default language is English.)

- c) To change the language of the subtitles, select Auto-translate.

This brings up the list of languages available for the subtitles to be translated into.

- d) Use the scroller on the right-hand side (as outlined in red), to find the appropriate language.

Once the language has been found, click on this and it will automatically bring up the subtitles on the video being watched.

ge - Module 1

It will also apply these subtitles to any other videos that are viewed.
